— Lunch Sponsors —

— Coffee Sponsors —

— Refreshment Sponsors —

About

The Georgia Brownfield Association (GBA) is a non-profit advocacy and education organization formed by leading development, legal, engineering, risk management, economic development, and other professionals with a shared interest in cleaning and redeveloping contaminated properties and revitalizing surrounding areas in the State of Georgia.

Mission

The GBA was formed to ensure our State benefits from the continued clean-up of and reinvestment in environmentally impacted and underutilized properties in Georgia. The association will continue the efforts of many of its members to help create the most supportive legislative and regulatory environment and to educate business, civic, community, and government leadership about the benefits of revitalization.

Legislative Efforts

The GBA is active at the legislature and collaborates with the U.S. Environmental Protection Agency and the Georgia Environmental Protection Division to help ensure that regulatory issues do not impede responsible and sustainable redevelopment in Georgia. The GBA also collaborates with like-minded organizations with shared interests in economic development, environmental sustainability, and related social challenges. The GBA desires to educate and inspire business, civic and political decision makers about the opportunities presented by brownfields in our State.

Membership Benefits

GBA provides professionals in the redevelopment community an active voice among legislative and industry leaders. In its 11-year history, the association has been pleased to twice collaborate with Georgia Environmental Protection Division to successfully advocate for the passage of legislation (including Georgia House Bill 957, the Georgia Hazard Site Reuse and Redevelopment Act) to refine the laws regulating brownfield redevelopment in Georgia. In addition, the group regularly holds events at which we educate members about timely industry topics and provide unique opportunities for networking with others throughout the industry and state.

Membership levels include Platinum, Gold, Silver, Individual, Government, and Student, with more information at GeorgiaBrownfield.org/Membership.
