# Governmental Training

## State & Local

*Hosted by UGA's Carl Vinson Institute of Government, the **Biennial Institute** has been a recognized tradition on the state political calendar since 1958.*

*Hundreds of elected officials attend **Newly Elected Officials** training designed to introduce them to new roles and responsibilities in local government*

*The **Public Finance Leadership Academy** equips new and emerging public sector financial management practitioners with the necessary knowledge and skills to successfully manage the fiscal affairs and activities of a local government or public organization*

# Broadband

## Information Technology

*Nearly a year after unveiling a groundbreaking map that showed far more Georgians than previously thought were without broadband access, the University of Georgia has helped the state distribute more than \$400 million in grants to bring faster and more reliable internet service to communities throughout the state.*

*CVIOG provides the mapping utilized by the Georgia DOT for state maps.*

Renaissance Strategic  
Visioning & Planning Process

“We work with local governments to create illustrative visions based on community input. Often times, these involve abandoned, undeveloped, or underdeveloped properties. As needed, we connect those communities to the resources provided by EPA and the State Brownfield Program. Through GMA and ACCG, some of our training sessions also feature a “Brownfield 101” component, for elected officials to best understand the opportunities for brownfield redevelopment.”
